Berowra Waters

Come and find Amaroo Lodge.....

We're just one hour from the Sydney CBD but a world away from busy city life.

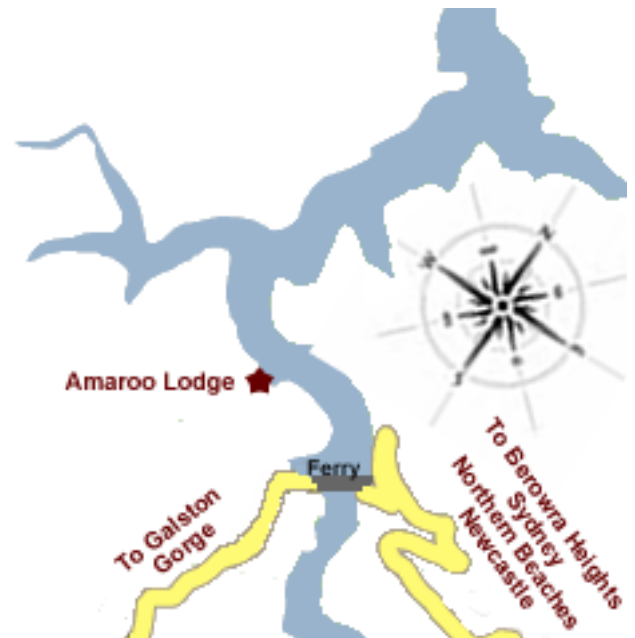

Travelling by car

Amaroo Lodge at Berowra Waters is less than 60 minutes from the Sydney CBD via the Sydney-Newcastle freeway (F3).

From the City or the Northern Beaches / Chatswood

Take the F3 freeway and leave it at the second exit signposted to Berowra, turn right on to the Old Pacific Highway and follow the signs to Berowra Waters. After you turn left at the traffic lights call (02) 9456 4203 or 04 1627 1234 so we know you are not too far away.

Follow the road for approximately 3km and turn left at the third roundabout. Follow the windy road for approximately 4km. Please keep to the left and drive carefully as the road becomes quite narrow in some places. When you reach the bottom, just before the ferry, take the right hand turn into Kirkpatrick Way. Travel approximately 500m until you see a sign for the "Public Wharf" by the yellow barrier and park where convenient. You will see a set of steps to the left which leads you down to the Public Wharf, this is where you will be met. This is the EASTERN side of the river.

From the north west or west

You can get here via the M2 and M7 toll ways via Pennant Hills Road. This brings you here via the more rural route through Dural and Galston. Follow the signs to Berowra Waters and when you see the large sign for Vision Valley, call me on the numbers listed above. When you arrive at the river, park in the large car park on the left by the marina and you will be met on the public wharf next to the boat ramp. This is the WESTERN side of the river.

From Newcastle or further north

Take the Berowra turnoff and turn right at the traffic lights onto Berowra Waters Road. Call (02) 9456 4203 or 04 1627 1234 so we know you are not too far away.
